Custom made!

The custom made lanyards are available from 1000pcs. There are multiple options to personalize these lanyards like choosing your own Pantone colour, imprints, buckles, etc. You name it, we can do it.

We also can take care of your imprint whether it's sublimation, full colour all-over or silkscreen print. As printing is done prior to the production of the lanyard, we have much more options to offer you. Ask your contact person for the possibilities for your demands.

How to order your lanyards

1. Select the lanyard of your choice
2. Add an optional safety breakaway, we strongly recommend this for safety of the user
3. Select a hook from the wide variety
4. Select your mode of transport. Lanyards are small and light items, sea freight is only worthwhile when the order quantity is over 10.000pcs
5. Imprint approval sheet comes within 48 hours after approval, no physical approval sample
6. Delivery times are counted from the moment of approval of the approval of the imprint sheet / optional sample.
